All bids are entered as received and lots distributed to the highest bidder without reserve.

When I receive your bids I act as your agent and buy the lot as much under your bid as the next highest bid will allow.

You will find a difference in dealers catalogueing coins for sale and I have tried to give every coin a fair grading.

Everything is sold as genuine unless otherwise stated. This I guarantee definitely.

Kindly bid by number of lot and at SO MUCH PER PIECE. If there are ten pieces in the lot and you want to bid $5.00, then make your bid 50c.

Bidders unknown to me are required to send a deposit of at least 25% of their bids, or send satisfactory reference. Otherwise their bids cannot be accepted.

The coins are bought for you on your order and you are, of course, expected to pay promptly for them. Auction purchases are for net cash.

Remittance should be made promptly in any way most convenient to yourself.

A printed list of the prices realized at this sale will be sent on receipt of 50c. This is the best way to keep posted on the prevailing prices of coins.

If you have any coins that you want to sell at either auction or public sale, kindly write me for terms.

Please send in your bids early. A commission of 5% will be charged for executing bids.
